UNCOMMON QUALITY AT UNRIVALED PRICES

WHEN YOU WEAR UNCOMMON THREADS CHEF APPAREL, YOU'RE COVERED WITH 30 YEARS OF THOUGHTFULLY-DESIGNED, EXPERT CONSTRUCTION.

We know you live in your chef apparel, so we focus on premium details to make sure you're comfortable all day. With Uncommon, you're guaranteed to discover comfort, quality, and design in every single garment. From our newest Black Collection™ Coats and Aprons, to our wide variety of classic executive apparel featuring Pro Vent ® mesh—our attention to detail is flawless and our durability is unmatched.

YOU TRULY KEEP INSPIRING US TO CREATE STYLISH CHEF APPAREL THAT'S IN IT FOR THE LONG HAUL.

And after 30 years of innovation, we're not about to stop. When we first started out, most chef apparel we saw on the market was utilitarian. It had a hard finish, it was uncomfortable, and the sizing wasn't accurate. Plus, you could only find white and black color choices. We thought you deserved more, so we decided to change the game. We were one of the first to design with bright red, then burgundy and navy; next we added lightweight fabrics, mesh backs, denim, and so on. Our goal is to help you differentiate yourself by making comfortable chef apparel you'll enjoy wearing, all at the best value.

CLOTHES THAT WORK AS HARD AS YOU DO.

Your chef apparel has to be tough as nails to handle the kitchen heat.

The 212[°] Laundry Collection, made with Milliken[™] 100% Spun Poly, can endure over a 100 industrial washings without signs of fading, wearing, or fraying. To survive the boiling temperatures, our 212[°] Collection is woven with state-of-the-art Milliken[™] fabric that withstands wash after wash with minimal effects.

212[°] Laundry Collection offers:

- Superior moisture management and comfort
- VISA[®] System 3 permanent soil-release technology
- Increased durability
- Superior wash-down performance
- Lower wash temperatures
- Potential for less wash chemistry
- Less drying time required
- Longer garment life

THE PROOF IS IN THE WASH.

Test results for 212[°] Laundry Collection:

- ✓ **WASH-DOWN PERFORMANCE**
Varies only 1.3 DecCMC through 50 IL cycles with virtually no shade change.
- ✓ **TENSILE-WRAP**
Exceeds industry standards maintaining warp strength over several washings.
- ✓ **TEAR-WARP/TEAR-FILLING**
Uses mid-tenacity polyester fiber for improved appearance, drape, and abrasion resistance while still exceeding 7.5lbs. of warp and fill.
- ✓ **TENSILE-FILLING**
Superior filling tear values protects side seams of our coats, pants, and shirts.
- ✓ **SHRINKAGE-WARP/SHRINKAGE-FILL**
Set to shrink both warp and filling at less than 2.5%.
- ✓ **SOIL-RELEASE**
Treated with VISA System 3 soil-release technology, improving fabric at a molecular level and enabling shorter wash times with less detergent.
- ✓ **PILLING**
Constructed with abrasion-resistant yarn and fiber so pilling is minimized.

There's nothing like creating
a new signature dish.

That's how we feel about our
new Black Collection Coats.

We've paired new bold colors and unique
designs with some of your favorite features
like our Pro Vent[®] Mesh technology and
reversible closures. You'll have as many
choices as you do ingredients to innovate
and inspire your next big creation.

WHY CHOOSE POPLIN FABRICS?

Poplin is a lightweight poly-cotton blend that is thinner than other common fabrics, yet durable, relatively low maintenance, and naturally wrinkle-resistant. Poplin is also softer to the touch and doesn't stain easily. Plus, it gives you better breathability compared to cotton and poly-cotton twill.

CLASSIC POPLIN

0413 WHITE \$16.65 BLACK/COLORS \$24.50

When the heat gets unbearable, a typical coat can feel like a sticky sauna really quick. With breathable and lightweight poly cotton poplin and several stylish colors to choose from, our Classic Poplin will have you feeling as cool as a cucumber.

WHY CHOOSE YARN-DYED PANTS?

Each thread is dyed a unique color before being woven into our signature patterns. This helps hold the colors better than regular fabrics because the design is integrated into each thread. Creating yarn-dyed pants requires additional steps, time, and care during construction to ensure each pair is perfect.

SIZE
GUIDE

APPAREL
INDEX

YOUR PERFECT FIT IS WITHIN REACH.

The Uncommon Sizing Guarantee changed the industry sizing standards and guarantees that each size in any of our chef's coats will have the exact same fit. Our design process grades all garments the same, so the fit will remain the same.

How to find your ideal fit:

- **Chef Coats** should cover your entire seat and they feel balanced on your body, not riding forward or back.
 - **Cuffs**, when rolled up, rest approximately 5 inches above the bottom of your thumb.
- **Buttons** should lie smoothly, not pull across the front.
 - **Chef Coat** drop shoulders should give better comfort and movement, plus wider armholes offer ample range of motion.
